TEACHING TESTIMONIALS

- Words are insufficient to express how truly grateful I am to Dr. Tansey these past several months. Her generosity, sincerity, clarity, wisdom and kindness have been invaluable to both my personal and professional growth. Mostly, she helped me find and reconnect with meaning in my life – including meaningfulness in suffering. I believe in myself and that is something I will always carry with me.
- Thank you for what felt like sacred attention, a deep, patient, kind, unassuming, empathetic awareness. Thank you for your humor, your willingness to show your personality in our process, your ability to let our work be serious but never too solemn.
- I have always appreciated the way you can take vague feelings and discomforts and crystallize them into concepts that we can discuss and learn from and apply to future encounters. Thank you for your insight and thought-provoking questions!
- Dr. Tansey's skill set and personal style in teaching make her shine on a personal and professional level!
- Dr. Tansey, thank you for your wonderful words! They were so warm, I felt the vibrations. Your teaching gift is extraordinary and I have felt I was on a grand adventure.
- The idea of writing this note has crossed my mind often, as something will happen to an ethical issue and I remember the time you spent with me doing teaching for professionalism. In some ways, it's still a difficult memory for me. But for the most part, I see it as an experience that has shaped me. It was a privilege to work with you. I'm so thankful for your kindness and generosity and working with you has had a lasting impact on me.
